

MAGNET ATLAS™

MANAGE YOUR DIGITAL INVESTIGATIONS

Improve efficiency and break down silos by enabling stakeholders agency-wide to manage, collaborate, analyze, and report on all aspects of your digital investigations.

THE CHALLENGE

Managing today's digital investigations can be overwhelming.

Digital data volumes are growing across multiple sources. It's complicating your agency's ability to securely store, track, and manage cases while also hindering collaboration.

With Magnet ATLAS, you can enable your entire agency to analyze, manage, and collaborate on all aspects of your digital investigations – all while upholding the chain of custody.

OUR SOLUTION

CENTRALIZE CASE DATA

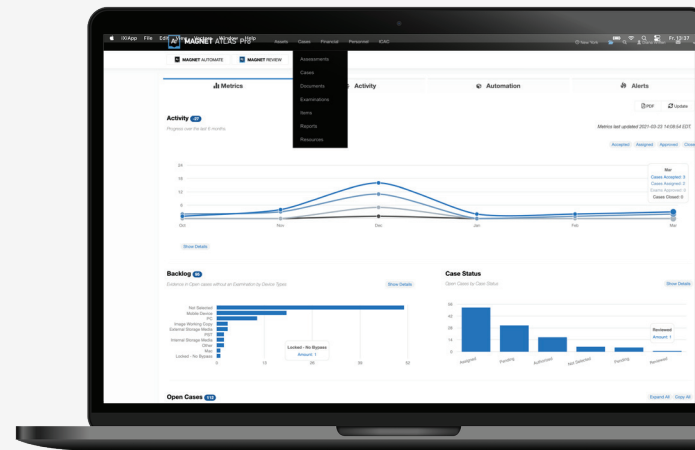

Easily manage evidence and other information across your digital investigations.

ENHANCE AGENCY COLLABORATION

Empower your entire agency to collaborate on all aspects of your cases.

MAINTAIN CHAIN OF CUSTODY

Document your investigations end-to-end to ensure compliance.

MAGNET ATLAS FEATURES

STORE & REPORT ON CASES FROM A CENTRALIZED LOCATION

Now you can enable more effective collaboration, prevent fragmented copies of data, and promote security and compliance. Plus, you can create and store uniform and consistent reports in one location to keep all of your stakeholders updated.

ENABLE COLLABORATION AT EVERY STAGE OF YOUR INVESTIGATIONS

No matter what your collaborators skill level, any team member can kick off and contribute to a digital investigation – whether you're working with forensics examiners, investigators, or external partners on the other side of the world.

MANAGE, TRACK, AND REPORT

Create a case submission with ATLAS and quickly assign the appropriate resources to the case. All evidence, procedures, collaborators, and results are logged, and stakeholders can track their case progress in real time. ATLAS makes it easy to report on evidence sources, case details, lab expenditures, tool utilization, and budget tracking.

LEVERAGE ANALYTICS TO IMPROVE EFFICIENCY

ATLAS' powerful analytics tools make it easy to generate both the real-time and historical statistics you need to monitor the efficiency of your investigations and build reports for your stakeholders.

OPERATE SECURELY AND TRANSPARENTLY

ATLAS tracks all evidence sources, examinations, and stakeholders to ensure that the full case history is preserved. With role-based access permissions, password protection, and AES 256-bit encryption for data at rest, you can be assured that your agency's data is protected.

INTEGRATE WITH YOUR TOOLKIT AND MAGNET DIGITAL INVESTIGATION SUITE

With the ATLAS API, integrate and connect with other tools in your existing ecosystem. ATLAS also includes advanced integration with AUTOMATE and REVIEW to promote efficiency and collaboration across your investigations.
